SUMMARY

I'm a computer scientist proficient in developing web applications and Machine Learning models to address a range of challenges. Additionally, I'm a fervent enthusiast of data science, driven by a deep passion for exploring its intricacies and potential applications. I am also proficient in hardware and software preventive and breakdown maintenance, LAN support, fiber breakdown and preventive maintenance and other Tech support activities.

EXPERIENCE

Attachee at Kenya Power and Lighting Company, IT&T Department   **May 2023 - Aug 2023**
- During this period I took part in and learned various skills related to IT and Telecommunications. The skills are the following but not limited to:
- Hardware and Software preventive and breakdown maintenance, fiber preventive and breakdown maintenance, Switch configuration, patch cable maintenance, ICT LAN Support
- Workflow and work ethics, Customer service.

EDUCATION

Bachelor of Science in Computer Science   **Sept 2020 - Present**
Kabarak University
- Major in Software.
- Status: Finished coursework awaiting graduation.

Kenya Certificate of Secondary Education   **Feb 2015 - Nov 2018**
Kapsabet Boys High School
- Member of Student Leadership: Clubs and Societies Captain.
- Member of LEO Club: Club that encourages youths to develop leadership qualities by participating in social service activities.

Kenya Certificate of Primary Education   **Jan 2007 - Nov 2014**
St Lwanga Catholic Primary School
- Member of Scouts Club.

ADDITIONAL INFORMATION

- **Technical Skills:** Web application development, Machine Learning model development hardware and software preventive and breakdown maintenance, LAN support, fiber breakdown and preventive maintenance and other Tech support activities.
- **My work is included in my portfolio website teddymitei.vercel.app**
- **Languages:** English, Kiswahili.
- **Soft Skills:** Effective Time Management, Teamwork and Collaboration, Flexible and Adaptable.
- **Certifications: IBM** skillbuild AI Certifications.
